Designed to go the extra mile.

Tough & reliable utility vehicle for any course.

Hauler 800 X.

The Cushman® Hauler® 800X is based on the Hauler 800, but with a raised suspension set up for greater ground clearance and more aggressive trail tyres for better traction.

Powered by your choice of a fuel-efficient 13.5 hp EFI gas engine or an ELiTE lithium power train activated by Samsung SDI battery technology. Complete with an 8.4 ft³ cargo bed, bench seating, lifted suspension, and improved surface tires, the Hauler 800X gives you the longest-lasting ride on the course.

This dependable utility vehicle is fitted with limited slip differential fitted as standard, so the Hauler 800X can deliver better traction without damage to turf in wet conditions or over uneven terrain.
