

Drive revenue on your course.

Taking customer service to a new level.

Refresher Oasis.

The Cushman Refresher Oasis raises the bar for large-volume refreshment vehicles with an industry-leading 500-can capacity. This allows your staff to spend more time on course and selling, rather than refilling the vehicle.

A merchandising display and wrap around counter offer plenty of space to tempt golfers into those impulsive purchases.

The Refresher Oasis has comfortable ergonomic seating and a practically designed dash making the storage of important documentation and essential accessories much easier, helping your point of sale to flourish on those long summer days.
